CAREER SUMMARY

Full Stack Developer with 1 year of experience in building dynamic web applications using React, Node.js, Express, and MongoDB. Strong in frontend development with HTML, CSS, and JavaScript, API development, and full-cycle application development. Enthusiastic about learning, problem-solving, and delivering high-quality software solutions.

WORK EXPERIENCE

Full Stack Developer| By8labs

December2024 - Present

Full Stack Developer with 1 year of hands-on experience in designing, developing, and deploying end-to-end web applications using the MERN stack (MongoDB, Express, React, Node.js). Proficient in building responsive user interfaces, developing RESTful APIs, integrating databases, and implementing secure authentication and authorization mechanisms. Experienced in collaborating with cross-functional teams to enhance application performance, scalability, and user experience, with a strong focus on writing clean, maintainable, and efficient code.

PROJECTS

Student Management System:

- Built a **multi-field feature extraction pipeline** for 3D models and trained **CNN/3D CNN classifiers** for automated object categorization.
- Optimized feature vectors and model inference to improve **multi-class classification accuracy and reliability**.
- Enabled **automated 3D asset labeling** with confidence scoring, reducing manual effort and improving dataset consistency.

Social media mini platform with toxic comment filtering:

- Developed a full-stack social media platform with real-time post creation, comments, and user interactions.
- Built a responsive and user-friendly frontend using HTML, CSS, JavaScript, and React.
- Implemented a Node.js and Express backend for user authentication and content management.
- Integrated a toxic comment detection system to filter harmful content automatically.
- Designed and managed MongoDB databases for users, posts, comments, and moderation data.
- Optimized APIs and database queries to improve performance and reliability.
- Designed a scalable architecture supporting multiple users and future enhancements.

SKILLS SUMMARY

- Frontend** :HTML, CSS,JavaScript,React.js, Tailwind CSS
- Backend** :Node.js,Express.js
- Databases** :MongoDB
- APIs** :RESTful APIs

EDUCATION

J J College of Arts and Science

Master of Computer Application; CGPA: 8.76

Pudukkottai, India

2022 – 2024

J J College of Arts and Science

Bachelor of ComputerScience; CGPA:

Pudukkottai, India

2019 - 2022

INTERNSHIP

Full stack developer – Pinnacle(Madurai)

Sep 1,2024 – Sep 30 ,2024

Full stack developer – EMC(Chennai)

Nov 15,2024 – Dec 16 ,2024
